ACTION DAYS

Admission Adults £10, Under 16's free, Track passes £35.

Imagine a huge display of cars, clubs and trade sites. Imagine paying just £35 plus admission and after a safety briefing driving your car around Castle Combe's demanding corners.

This is all possible on one of Castle Combe's famous Action Days.

There are 4 dates to choose from, the Performance Car Action Days in April and September cater for performance and tuned cars, the Classics and Sports Cars day in June includes classics from A35's to Ferrari's.

In September the MiniWorld Action Day, the South West's largest Mini Show attracts thousands of cars and Mini enthusiasts.

Action Days are a great day out for any car enthusiast.

Year round entertainment at Castle Combe

Whatever time of year you might be picking up this guide, we can pretty much guarantee there will be an event or activity going on at the Castle Combe Circuit which will entertain, inform or educate you.

Whilst we are best known for the race meetings which have made us famous over the last seven decades, our ever expanding calendar is packed with offerings for almost every taste. So don't think you have to be a died in the wool petrol-head to enjoy a great day out here. A few moments scanning through this guide should convince you there is plenty to see and do, whether you're looking for something new to keep the kids entertained, stuck for a gift idea for the significant other in your life or fancy an injection of excitement after a dull week at work.

If all of this is quite familiar to you then an equally warm welcome back. You'll know why our race meetings are the most popular of their kind in the country but this year we have some new angles and ideas to keep things as fresh as ever. A slightly later Easter than usual means the drivers in our three hotly contested championships for saloons, Formula Ford single seaters and sports & GT cars will be even more raring to go than usual, using the opening event to gauge performance ready for the all important televised meeting on May 2.

Similarly high profile is our big bike meeting on September 3, when none other than Carl Fogarty, the four times World Superbike champion, will be here with the Ducati British Superbike team.

The Japanese performance car sector is almost a world of its own. There are two opportunities for a peek inside it in May with Japfest, probably our biggest event of the year, on May 14, followed 2 weeks later by our first 'Japanese' race day.

There are numerous ways you can experience the track hands on, from a ten minute session at one of the Action Days in your own car to a day of tuition in a variety of exciting machines at our racing school. All great birthday and Christmas gift ideas.

For something a little more sedate we have car boot sales and a steam rally whilst numerous events have no admission charge whatsoever, so check out the 'What's On' pages in detail.
