# Production Classic Sports & Saloon Race Series

The [www.GadgetHelpline.com](http://www.GadgetHelpline.com) production Classic Sports vs Saloons race series is designed to appeal to competitors who do not want to commit the time, budget or to the intensity of competing in a national championship. This series is aimed at those looking for a sporting day out, rich in camaraderie, with the added attraction of competition in a relaxed atmosphere, capturing the spirit of fun and friendly racing of the 60's.

**Typically the series would appeal to owners of mildly modified Alfa Romeos, Lancias, Ford Anglia & Cortinas, MGBs & Midgets, Minis, Triumphs and many other similar classic cars.**

The race series is based at the highly acclaimed Castle Combe Circuit in Wiltshire, administered by Castle Combe Racing Club Limited and sponsored by [www.gadgethelpline.com](http://www.gadgethelpline.com)

## Eligible cars

Production Sports Cars & Production Saloon Cars, manufactured from 1960 to 1975, complying with the definitions of production Sports Cars & Saloon Cars as laid down in the MSA Competitors & Officials year book 2012 (the Blue Book). All cars must comply with the minimum safety requirements as laid down in the MSA year book sections "J" & "Q".

The spirit of the series, is for all competing cars to be capable of being used on the road and passing an M.O.T, but it is not a requirement to possess an M.O.T.

## Series dates 2012

Monday 7th May

Sunday 22nd July

Sunday 7th October
